CONSTRUCTION DIVISION

“A quality people driven organisation”

If it's a general labourer for a day or a full managed on-site service for 12 months, Prime Staff set the standards for your labour supply. Prime Staff's Construction Division is renowned within the market for quality and professionalism. Our consultants are dedicated to matching experienced and tested tradespeople to meet each clients specific needs.

We believe Prime Staff's commitment to customer satisfaction within the Construction market is unsurpassed. This belief is founded upon our vast experience of working in partnership with both local and national construction companies since 1993.

Prime Staff has developed a sound, reliable candidate database, allowing us to keep up to date with the ever changing market place. Above all we believe we understand the nature of your business.

- 24 hour / 7 day cover
- Immediate response
